LIGHTING : TABLE LAMPS

MM Lampadari

PILL TABLE LAMP BY MATTEO ZORZENONI

\$1,835

DESCRIPTION

Part of the Pill collection designed by Matteo Zorzenoni, this elegant and modern table lamp will be a sophisticated addition to a desk or console and can be paired with the floor lamp and ceiling lamp in the same series for a cohesive effect. The single light is diffused by a shade crafted of Murano glass that was mouth blown directly into its curved frame in metal for a unique embrace that inextricably mixes the two elements. The metal has a galvanic gold finish and, upon request, the tinted glass can also have an amber finish - please contact the Concierge for this choice.
