PINO CERAMIC VASE WITH LID BY NATHALIE DU PASQUIER -
POST DESIGN

\$600

DESCRIPTION

Inspired by the shape of old vessels used in antiquity to store wine and grains, this vase with lid makes a statement-making piece in a modern interior. This simple yet elegant design by Nathalie Du Pasquier (2018) features a smooth-textured body in a vivid jade-green color with a slightly tapered neck. The red circular lid is accented with a U-shaped handle, a chromatic contrast that creates visual interest. Materialism Collection.
