PIZZI E MERLETTI BOWL BY UGO LA PIETRA

\$1,440

DESCRIPTION

Simple yet elegant, this bowl is a true work of art to be displayed anywhere in the home. Made of natural alabaster, this superb design by Ugo La Pietra features a raised base and an openwork design around the border that recalls an embroidery pattern (hence the name of the collection Pizzi e Merletti, in English "lace and embroidery"). This elegant vessel is a simple way to display flower arrangements and it will make a stunning statement on its own as a centerpiece on a table or console. Crafted in Volterra by ALI Alabastri Lavorati Italiani.
