PIZZI E MERLETTI CENTERPIECE BY UGO LA PIETRA

\$1,440

DESCRIPTION

Part of the Collection Pizzi e Merletti, this refined centerpiece was crafted of natural alabaster by ALI Alabastri Lavorati Italiani in Volterra. This classically inspired design by Ugo La Pietra features openwork details that evoke traditional embroidery on the border of a bowl sitting at the center of a scalloped-contoured circular base. The delicate translucency of the white alabaster makes this piece as stylish on its own as it does housing blooms or fresh fruit.
