PLIÉ RUG BY AQUILIALBERG ARCHITECTS

\$14,245

## DESCRIPTION

The epitome of the trompe-l'oeil technique, this stunning rug will take center stage in any contemporary context. The unexpectedly sculpted perimeter enhances the optical illusion of the .07cm-high design, splendidly achieved by Nepalese master craftsmen using 80% blue silk and 20% beige Himalayan wool. Reminiscent of an haute couture dress, this 152,000 knot/sqm piece features a .05cm-high base. Please contact the Concierge for customization inquiries and for pricing of the stain-resistant variant.
