## PLISSÈ AQUAMARINA TALL BOTTLE

\$130

### DESCRIPTION

Part of the Plissè collection, boasting a series of bottles, carafes, and glasses embellished with a distinctive pleated surface, this tall glass bottle will be a precious addition to both a classic and a contemporary decor, either to serve chilled drinks on the veranda, or to add a touch of delicate aquamarine color to a classic or contemporary home. The pastel hue graces its bottom and gradually fades toward the short mouth, enhancing the vertical movement of the silhouette and its stunning texture.
