PLM-0087 IVORY PARCHMENT ROUND SIDE TABLE

\$2,780

DESCRIPTION

The singular aesthetic defining this round side table is thanks to its precious natural ivory parchment upholstery, which enables the piece to further upgrade its flair over time. Four legs curving outwards connect the base to the round top, the predilection for curves confirmed by the decorative sphere lacquered in glossy black that gently accents the base. This piece is sure to bring utmost sophistication into any modern or eclectic decor.
