## PONTI 940 GREEN CHAIR BY GIO PONTI

\$730

### DESCRIPTION

A stunning design by Giò Ponti, one of the highest interpreters of 20th century Italian style, this chair will be a precious addition to a modern or vintage-inspired decor, around a dining table, as an accent piece in an entryway or in front of a desk in a private study. Its wooden structure with natural finish has a minimalist silhouette with slanted back legs mirrored in the trapezoid open back. The seat is upholstered in green fabric for a pop of vivid color.
