PONZA GOLD-BRONZE GREEN RING

\$90

DESCRIPTION

A delicate look that will add a charming and refined accent to any occasion, this ring is part of the Ponza Collection, from the name of a lovely island in the Tyrrhenian Sea, south of Rome. The thin band in gold-plated bronze is adorned at the top with the silhouette of a domed building, that represent the typical Mediterranean house perched hillside and overlooking the sea. A touch of green enamel suggests the rich vegetation of the Ponza's terraced gardens.
