POPCLASSIC POLKA DOTS 1 RUG

\$8,520

DESCRIPTION

Part of the Popclassic series, and one in only seven pieces, this rug was entirely hand knotted using wool. Its simple rectangular shape is punctuated with a series of polka dots that let the design of another rug emerge from the white background, with delicate floral motifs in red, green, and beige. The effect is utterly modern and dynamic, for a bold piece of floor decoration that will make a statement particularly among a contemporary decor.
