PORTALI 4 VASE BY ANDREA BRANZI

\$1,340

DESCRIPTION

Part of the Portali collection designed by Andrea Branzi, this vase is one in a limited, numbered, and signed series of 50 pieces. The Portali collection comprises 18 vases all made in white ceramic and all encompassed by a square frame that creates a micro-environment within which the composition can live or explode outside its limits. In this case the silhouette of a large-mouthed vase evokes the delicate warmth of spring.
