PORTO CERVO CHANDELIER

\$14,790

## DESCRIPTION

This chandelier features an extraordinary design and construction that is unlike any other. Its elegant metal frame almost disappears under the exquisite 140 hand-crafted red ceramic coral branches giving them the appearance of floating. The nature inspired coral forest is illuminated on all sides by lights sitting skyward curving arms. This piece was designed to evoke the sensations of coral reefs, oceans and water, our source of life. This truly original creation will bring personality to any interior leaving viewers breathless. The colors of the corals and the structure of the piece are customizable.
