PORTOFINO HARBOUR FRAMED PRINT BY SLIM AARONS

\$875

DESCRIPTION

Photographer Slim Aarons was notoriously inspired by privileged contexts, and the harbor area of Portofino - pearl of the Ligurian coast in northern Italy - could not be missed by his amazed eye. This first-rate, c-type print (52x76 cm) reproduces the original, offering a general view of the harbor area, which is framed by characteristic buildings and crowded with boats peacefully afloat next to each other. A wooden frame is included. Prints from the Slim Aarons Archive, owned and housed by Getty Images. All photographs are printed and authorised by the Getty Images Gallery, London.
