POSITANO GOLD-BRONZE BRACELET

\$90

DESCRIPTION

Part of the Positano Collection, this elegant bracelet will be a sophisticated and unique choice for both a day attire and a night look. Inspired by this charming cliffside village on the Amalfi Coast with its charming Mediterranean houses, this piece features a chain in gold-plated bronze, with a central decoration in the same material that stylistically renders one of these domed houses. The blue enamel visible from the door and window symbolizes the deep colors of the sea.
