PROCIDA SCALA SCREEN BY GIUSEPPE DI COSTANZO

\$2,760

DESCRIPTION

This exclusive screen designed by Giuseppe Di Costanzo for Materiae Edizioni Napoli is entirely crafted of wood and finished with Multiterrra and TerraPlus, a special clay-based material by Matteo Brioni. Inspired by the picturesque architecture of the island of Procida in the Gulf of Naples, this screen features a cut-out section shaped like stairs (scala in Italian) that creates an intriguing interplay of geometries. This screen is made to order (ships in 5-6 weeks) and is featured here in mustard, but available in other colors upon request to the Concierge when placing the order.
