PUNCH GOLD VASE

\$955

DESCRIPTION

PUNCH is an iconic collection of handmade decorative vases. This precious vase is made of porcelain with internal and external matt enamel in 18k gold. Emotions are the real inspiration and the engine that is converted into art. The PUNCH vase is the result of a symbolic action of struggle, rebellion, respect and change. The violence results in this expression of art and design. Its beauty and tangibility emerges in the object: the punch stops the time and its sign can be observed.
