PUPPULAMP TABLE LAMP XL

\$1,130

DESCRIPTION

Subverting conventional design norms, this striking table lamp is bold in its simplicity, acting as a focal point in any minimalist or rustic interior. The Puppulamp is crafted of wood by Salvatore Longo, the distinct curve of the four-legged lamp recalling the soft contours of an octopus ("puppu" in Sicilian). The wood's natural oil finish compliments the steel and aluminum elements of the exposed lightbulb socket. Also available in a variety of woods or with a mix of two or more woods in the Chroma model. Optional lampshade accessory also available, please contact the Concierge for pricing.
