Ongaro & Fuga

RABAT MIRROR

\$48,600

DESCRIPTION

This stunning piece of decor was crafted entirely of mouth-blown Murano glass using the "molato" method, in which the glass elements are cut with a stone "mole" and subsequently etched on the surface with sinuous motifs. The lavish effect is created with the juxtapositions of the glass pieces, whose cut edges reflect the light in an interplay of light and shade. Opulent and sophisticated, this mirror will be a superb accent in any home, enriching a wall with rich decorations.
