RADICAL CHIC DRESSER

\$4,560

DESCRIPTION

Part of the Radical Chic collection, this dresser is a delicate yet imposing piece that will make a statement in a classic decor, thanks to the sinuous front panels of its four drawers, which are made of walnut root and accented with jewel buttons in stones and rhinestones at the center, positioned between the original zamak handles. The top and the base of the piece are lacquered in black to add a striking contrast to the walnut light brown color with natural patterns. Inside, the drawers feature silver and black lacquered motifs.
