RAFFAELE WALL BRACKET LIGHT

\$1,060

DESCRIPTION

Inspired by the dazzling shape of a falling star, this remarkable sculptural work infuses any environment with out-of-this-world allure. The star-shaped silhouette is made of sand-casted brass left unpolished to create a distinct color and rough texture that brings harmony and uncommon lightness to the piece. A matte black element supports this fixture that will be the ideal complement in an entryway, a bedroom or near an armchair in a living room.
