RAGNETTA CUP BY ALBERTO PODESTÀ

\$170

DESCRIPTION

A whimsical take on a classic piece of tableware, this precious Ragnetto ("little spider" in Italian) cup will add a vibrant and original touch to any kitchen decor. Designed by Alberto Podestà and entirely crafted of ceramic and painted by hand, the speckled, light blue cup is supported by three long, rectangular legs with a yellow glaze, the combination of geometric shapes giving the impression that the cup will quickly scurry off the table. A squared handle, reminiscent of a tiny spider head, adds balance and stability to the piece.
