## RAJMAHAL ROUND RUG

\$2,615

### DESCRIPTION

Dazzling and eclectic, this superb rug will be a bright and unmistakable accent in any entryway, bathroom, or bedroom decor. Transforming opulence into art, this pure-wool rug boasts a striking array of multicolored flowers, from sunflowers and lilies to carnations and blue honeysuckles, with realistic color accents that enhance the rug's textural and visual allure. The flowers seemingly escape the edge of the rug to create a bouquet-like, irregular shape.
