RAKU ROUND BOWL

\$1,460

DESCRIPTION

Inspired by the timeless elegance of Japanese pottery, this stunning bowl was entirely handcrafted of fireclay and was given a second firing in the kiln. This one-of-a-kind objet d'art will also be a versatile bowl or centerpiece to display in an entryway, dining room, or living room. Delicate curves enliven its silhouette, creating a sense of movement, highlighted by the dark color on the outside and light color on the inside.
