RANUNCOLO SET OF 1 TEA AND 1 COFFEE CUP

\$475

DESCRIPTION

Buttercups ("ranuncoli" in Italian) inspired the stylized, almost sketched floral pattern etched on this artful set of two ceramic glasses, one for tea and one for coffee, respectively. Borrowing from the volume of traditional Japanese cups, they feature a footed base that sustains the actual recipient, the silhouette deftly crafted by hand and painted in matte-gray to enhance the unrepeatable nature of their irregular texture.
