**RED BERGERE ARMCHAIR**

**\$7,600**

## DESCRIPTION

A true work of art, whose singularity lies in the balance of its proportions, this superb armchair's architectural silhouette evokes the sail of a boat. A statement piece on a terrace, patio, or poolside, the red resin-covered aluminum frame has flaring armrests and an exquisite texture that gives it a unique and sophisticated look. Available in both right and left versions, and in black, ivory, and white, the polyurethane-padded seat cushion and decorative pillow are covered in Tyvek, a breathable and water-repellent material, with white with red piping for the seat and solid red for the pillow.
