### DESCRIPTION

This exquisite tapestry of the Lightscape Collection is painted by hand on white silk organza with different-size circles of bright colors outlined in shimmering gold. Using a special mix of acrylic, metallic and iridescent paint, artist Luisa Longo creates a richly hued, textured piece that will add a colorful artistic element to any interior. Two pockets in the back allow for vertical and horizontal display. Featuring a polyester taffeta backing, slight variations in color and pattern inevitably occur, adding to the uniqueness and appeal of each piece.
