REEF CEILING LAMP

\$1,790

DESCRIPTION

This striking ceiling lamp will make a statement in a modern or contemporary decor, creating unique effects through its open texture. Designed by Lorenzo Zanovello, this piece was made in ceramic with hand-worked white clay that was baked at about 2,000 degrees Fahrenheit and then varnished in glossy white before a second baking process. The finish, in silver or gold leaf, can be customized. The electric chord is 6.5 feet long and the E27 light supports a 40 watt lightbulb.
