**REGULAR COBALT BLUE ARMCHAIR**

\$2,590

## DESCRIPTION

Experimenting with modern materials, Spinelli and Taddei apply their traditional weaving skills to create unique collections inspired by iconic shapes. Constructed of oak wood and finished with a matte, water-based paint, the seat (H 36cm) and back are handwoven directly onto the structure using glossy electric-blue PVC (warp) and cobalt-hued, water-resistant polypropylene rope (weft). A refreshing addition to any outdoor lounging area, this armchair is available in a wide range of colors. Leather lumbar cushion included.
