**RESCUE\_TABLE TABLE TOP**

\$10,800

## DESCRIPTION

Crafted entirely by hand of white Carrara marble, this rectangular top can be paired with a minimal base to create a coffee table or console in a sophisticated home. The surface is carefully carved by hand with an uneven surface that is balanced by an unexpected velvety finish. One side is accented with two shark fins of black Marquinia marble. An arresting juxtaposition of colors and textures, this bold modern piece is a one-of-a-kind and cannot be reproduced exactly due to the handcrafted process and natural material used.
