RHINOCEROS BRONZE SCULPTURE

\$3,220

DESCRIPTION

This is an original piece by Raffaello Romanelli executed in 2011 after being commissioned by a private collector to the Galleria. The rhinoceros was modeled with clay looking at different pictures, and the clay mold was then used for obtaining the bronze piece, following the traditional lost-wax technique. Rhinoceros is a limited edition of a total of 12 pieces, signed and numbered in Roman numbers.
