## DESCRIPTION

A magnificent showcase of traditional craftsmanship and innovative design, this classic sofa will add a sophisticated touch to any decor. The frame, made entirely of supple poplar and spruce wood, is entirely upholstered of a soft, teal-colored fabric. The contrast between the angular frame and softly curved cushions creates a whimsical visual effect. The back cushions feature an intricate array of overlapping diagonal lines, forming a diamond-shape pattern with a three-dimensional texture. The interior, in expanded polyurethane lining, ensures an enjoyable sitting experience.
