### RICCIOLI UMBRELLA HOLDER

\$250

---

#### DESCRIPTION

Part of the Riccioli collection, distinctive for the striking bas-relief curls that adorn the smooth surface of its pieces, this umbrella holder boasts a sinuous silhouette resting on a plinth base and a delicate white color. It was entirely crafted by hand with decorations made using the "sac pochette" technique. The delicate color and striking texture will imbue a modern decor with subdued sophistication, either alone or combined with other items in the same series.
