RIMINI RAME HORSE HEAD FIGURINE BY ALDO LONDI

\$560

## DESCRIPTION

This charming horse head figurine is the perfect choice to add an artistic touch to any interior, and a splendid gift for an equestrian lover. Part of the Rimini Rame Collection, this piece is crafted of white clay using the slip-casting technique and detailed with engravings entirely made by hand with a stamp while the clay is still fresh. Dotted lines and geometric designs follow the horse's curved neck and mane in stunning detail, highlighted by the lustrous metallic copper finish that results from a third firing in the kiln.
