Il Paralume Marina

RING CHANDELIER WITH VENETIAN GLASS RECTANGULAR ELEMENTS

\$12,370

DESCRIPTION

A Clean silhouette, refined finishes, and elegant style reminiscent of art deco sophistication characterize this magnificent chandelier. The metal structure, with its glowing gold finish combines a round top support with three GU10 LED bulbs from which hangs the ring structure with a 2700 K Lumen 8550 light. The glow from the light is refracted in unique ways by the rectangular, Venetian mouth-blown glass elements cascading downward in three concentric tiers.
