RING FLOOR LAMP

\$7,550

DESCRIPTION

This charming floor lamp combines art deco design and a romantic allure for a charming final effect that will make a statement in a classically decorated home. The structure is skillfully handmade in metal with a polished brass finish. The ring at the top supports eight lights whose E14 LED bulbs are shielded by exquisite shades crafted of the finest Italian crystal. For a final dramatic and dynamic effect, a cascade of Swarovski crystals (either Elements or Spectra are available) falls from the top of the structure down to the ring, creating a lovely wave.
