I Muranesi

RIOTERÀ TALL KARKADÈ SOFFIONE VASE

\$630

DESCRIPTION

Part of an exquisite series designed by master glassmaker Paolo Crepax, this vase was mouth-blown by the master himself and turned into a precious glass in the shape of a topaz stone, whose bright orange color is in the tradition of the Murano artifacts. Because each stage in crafting this piece is completely manual, this vase can differ slightly from the photo.
