RIPPLE AQUAMARINE VASE BY STUDIO DILLON

\$6,960

DESCRIPTION

This dainty, hand-blown vase is a testament to Venetian glassmaking tradition. Characterized by a stunning aquamarine-blue hue, this glass vase utilizes century-old "filigree" technique to achieve its captivating pattern: thin white glass rods are arranged on a glass plate and slowly incorporated into the glass, creating the rippled pattern. This pattern is highlighted by the vase's sinuous, balloon-shaped body and narrow mouth. Showcased on a dining room table, side table, or study desk, this vase will add elegance to any decor. Part of a limited-edition series of 50 pieces. Designed by Studio Dillon.
