**RIVE BIG BENCH**

\$5,350

## DESCRIPTION

Truly unique in design and crafting, this bench is defined by a strong expressiveness and captivating silhouette that will stand out in a contemporary and eclectic home. Resting on two legs, a cylindrical one in brass with golden hand-finishing, and the other made of concrete with a rectangular shape, the black rectangular concrete seat boasts textured details obtained through a technique involving sea salt corrosion. This bench is part of the Transparency Matters Collection, and is suitable also for outdoor.
