Rosalba Balsamo

ROCKS SILVER BRACELET

\$690

DESCRIPTION

Rusticity and irregularity converge in this eye-catching bracelet by Neapolitan artisan Rosalba Balsamo. Handcrafted in 2008, this limited edition piece is composed of three large stones joined by elastic straps inside. The bracelet is surprisingly light (120g total) because Rosalba Balsamo used the galvanic technique for crafting this piece that reflects her sculptural studies on metallic forms and unique contours.
