ROMAN IDEA TABLE

\$13,180

DESCRIPTION

This magnificent table is a work of art that will enrich a modern or classic decor thanks to its superb craftsmanship, precious materials, and classical-inspired design. The base is fashioned of Broccatello di Siena marble with a central square-section column and mounting. This structure serves as the support for the mosaic brought to life using hand-cut marble tiles held in place by a traditional mortar of lime and pozzolanic ash over an aluminum honeycomb panel. The result is on refined decoration of floral motifs that will make a statement in any home.
