ROMANTICA EARRINGS

\$290

DESCRIPTION

Part of the Romantica collection, this pair of chandelier earrings in brass with a golden finish creates a series of delicate pendants whose structure is in the shape of ribbons holding on molten glass stones of different sizes with a striking turquoise color. At the center and top of each piece there are two round simulated pearls that add a complementing bright glow to the piece. Elegant and feminine, these earrings have a nickel-free construction.
