Il Papiro Firenze

ROMBO MEDIUM LEATHER ALBUM

\$220

DESCRIPTION

This exquisite photo album was made using the finest leather, according to the Florentine tradition of crafting leather objects. The front cover is adorned with a diamond-shaped panel with an embossed decoration. The flyleaf inside was decorated by hand with the paper marbling technique that in this case produces the distinctive "gocciolato" effect of a multitude of colorful drops on its surface. The album features 30 pages and is stored in a fabric bag with handles and the brand logo.
