\$12,265

DESCRIPTION

Rondos - Cabinet with 4 drawers, structure in canaletto walnut wood, top in Marquina marble (COD. M02). This chest of drawers is characterised by soft, rounded forms that match the Bio-mbo bed and bedside tables to create a welcoming and informal bedroom space. The structure and feet are made of curved wood with a stained black oak, Canaletto walnut or burgundy oak veneer; the wooden drawers have a push-pull opening and a soft closing mechanism, while the top is in veneered MDF in the same wood as the structure or in three marble variants: Carrara, Marquina, Grigio Carnico. Rondos is available in two sizes: with two pairs of large drawers placed side by side or three drawers, one on top of the other.
