Fratelli Lisi

ROSE AND CAMELIA CANDLE HOLDER

\$1,920

DESCRIPTION

This candle holder takes the shape of a delicate branch bearing two flowers and exquisitely crafted leaves. This piece can stand alone to light a small dining table for two, or it can be paired with another just like it to illuminate a larger area, while making a luxurious statement in any room. The level of detail put into the crafting of this piece is evident in the rough and realistic textures of the branches and even down to the delicate smooth surface of the flower petals.
