Amodino Milano

ROSE ET LILAC SET OF 2 PINK-TONED TEACUPS

\$605

DESCRIPTION

Left matte to enhance the result of a minute crafting process started by shaping the clay by hand, the two one-of-a-kind teacups composing this set are a showcase of excellent craftsmanship rendered through an exclusively contemporary approach seeking for extraordinary in simplicity. The soft irregularities are deliberate traits that make it unique, just as the slightly uneven distribution of color.
