Paola Caselli

ROSMARINO SET OF 2 PLATES

\$380

DESCRIPTION

To create this exquisite set of two handcrafted porcelain plates artist Paola Caselli was inspired by the fragrant scent of rosemary that pervades Tuscany in spring. Enriched with a 24k gold scalloped rim, the plates boast two different designs of rosemary branches with needle-like leaves and blue flowers on the white background. Envisioned with friends around a dinner table under a pergola, sharing good food and wine, this set is available in a limited and numbered series of five pieces per design.
