ROSSO CARDINALE PLATE

\$190

DESCRIPTION

Part of the Rosso Cardinale collection, this refined plate is crafted out of a single piece of mouth-blown, Venetian glass and brushed with red-dyed silver. A striking, sleek silhouette, the brushed silver exterior and the vivid red interior of the plate produce a stunning visual contrast. This unconventional union of glass and metal results in a distinctive design and unique textural quality. Ideal in a set with pieces from the same collection, this plate elevates dinnerware to art.
