ROSSO FICUS INDICA SET OF 4 TILES #2

\$120

DESCRIPTION

Deeply rooted in artistic traditions, this Moorish-inspired tile is poetically rendered by the master artisans at Studio Le Nid, a historic Sicilian workshop specialized in majolica ceramic. Completely handmade and glazed, this tile boasts an elongated diamond-shaped motif in an ivory-hue which emerges from the vibrant red background. This juxtaposition of colors and forms reveals a larger diamond-shaped form resembling the mirrored forms in a kaleidoscope. Suitable in a kitchen, bathroom, or poolside patio, this tile must be applied with minimal grouting to ensure design continuity.
