ROSSO FICUS INDICA SET OF 4 TILES #7

\$130

DESCRIPTION

Skillfully brought to life by hand, this majolica tile will be a bright accent in a modern or minimalist wall, countertop, or flooring. Entirely handcrafted by expert Sicilian artisans, this tile boasts four circular design elements revealed by weaving together scroll and frond motifs handpainted in a bright red overtop an ivory background. The bold motifs are framed by an undulating outline, enhancing the dynamic geometries of the tiles. Tiles must be applied with minimal grouting to ensure a seamless design.
