ROTA 2-DOOR CLOSET

\$5,860

DESCRIPTION

Showcasing a traditional structure crafted from first-rate solid chestnut, this closet will be a spot-on solution to complement refined chalets or mountain cottages. Black keys and metal joints adorn the front also playing a soft decorative role, the fence-like design of the two doors increasing that sense of reassurance delivered at first sight through the wood's warm shade and sincere grain. Inside, two shelves and one hanging rod complete the design.
